

DHRISHTA HEALTHCARE SERVICES - COMPLETE WEBSITE STRUCTURE

PROJECT OVERVIEW

Business: Home healthcare services platform **Target Users:** Families seeking elderly care, patient care, child care, and specialized medical services **Core Goal:** Convert visitors into service bookings with trust and professionalism

TECH STACK

Frontend

- **Framework:** React 18
- **Styling:** Tailwind CSS + Custom CSS
- **UI Components:** Shadcn/UI
- **Routing:** React Router v6
- **State Management:** React Context API + Hooks
- **Forms:** React Hook Form
- **Animations:** Framer Motion
- **Icons:** Lucide React + Font Awesome
- **HTTP Client:** Axios

Backend

- **Framework:** FastAPI (Python)
- **Database:** MongoDB
- **Authentication:** JWT tokens
- **File Upload:** Object Storage integration
- **Email:** Resend/SendGrid
- **SMS:** Twilio
- **WhatsApp:** Twilio WhatsApp API
- **AI Chatbot:** Claude Sonnet 4.6 / GPT-5.2
- **Payment:** Stripe (with UPI support)

Deployment & DevOps

- **Container:** Docker
- **Process Manager:** Supervisor
- **Environment:** Kubernetes cluster
- **Hot Reload:** Enabled for both frontend & backend

WEBSITE STRUCTURE (Pages & Sections)

HOME PAGE (/)

Sections:

1. Navigation Bar (Sticky)

- Logo (left)
- Menu: Home | About | Services | Packages | Gallery | Contact
- CTA Buttons: Call Now, WhatsApp, Book Consultation
- Mobile hamburger menu

2. Hero Section

- Main Headline: "Your Family... Our Care and Responsibility"
- Subheading: Professional healthcare services at home
- Hero Image: Nurse with elderly patient
- Primary CTA: Book Consultation
- Secondary CTA: Call +91 9959388374
- WhatsApp floating button
- Trust badges carousel

3. Quick Stats Section

- 500+ Happy Families
- 50+ Healthcare Professionals
- 24/7 Support
- 10+ Years Experience

4. Services Overview (Cards)

- Personal Care
- Home Nursing Services

- Elder Care
- Patient Care
- Child Care Services
- Day Care Services (Each with icon, brief description, "Learn More" link)

5. Why Choose Us

- Experienced Staff
- Certified Nurses
- Verified Caregivers
- 24/7 Support
- Safe Environment
- Emergency Assistance
- Health Monitoring

6. How It Works (Process Steps)

- Step 1: Consultation (Free assessment)
- Step 2: Care Plan (Customized plan)
- Step 3: Staff Assignment (Matched caregiver)
- Step 4: Ongoing Support (24/7 monitoring)

7. Service Packages Preview

- Hourly Care
- Daily Care
- Weekly Care
- Monthly Care
- Custom Plans

8. Testimonials Carousel

- Patient reviews
- Family feedback
- Star ratings

9. Emergency Banner

- "Need Immediate Care? Call Now"
- Emergency hotline button

10. Footer

- Company info
- Quick links

- Services list
 - Contact details
 - Social media
 - Address with map link
-

ABOUT US PAGE (/about)

Sections:

1. Page Hero

- "About Dhrishta Health Care Services"
- Breadcrumb navigation

2. Company Story

- Our journey
- Mission statement
- Vision statement
- Core values

3. Why Us (Detailed)

- Quality assurance
- Certifications
- Safety protocols
- Insurance coverage

4. Our Team Section

- Leadership
- Medical professionals
- Support staff

5. Licenses & Certifications

- Medical licenses
 - Healthcare certifications
 - Awards & recognition
-

SERVICES PAGE (/services)

Main Categories:

A. Personal Care Services (/services/personal-care) - Bathing assistance - Grooming - Mobility support - Meal assistance - Medication reminders

B. Home Nursing Services (/services/home-nursing) - Wound care - Injection administration - IV therapy - Vital signs monitoring - Post-operative care

D. Patient Care (/services/patient-care) - Bedridden patient care - Chronic illness management - Palliative care - Rehabilitation support

E. Child Care Services (/services/child-care) - Infant care - Special needs children - Post-surgery care - Nutritious meals - Development activities - Medicine reminders

F. Day Care Services (/services/day-care) - Full day care (24 hours) - Rest & health monitoring - Timely meals - Health supervision - Activity programs

Each service page includes: - Detailed description - What's included - Pricing starting from - Booking CTA - Related services

SPECIALTIES PAGE (/specialties)

Special Care Services: 1. Post Surgery Care 2. Bedridden Patient Care 3. Dementia Care 4. Stroke Recovery Care 5. Palliative Care 6. Alzheimer's Support

Each specialty includes: - Condition overview - Our approach - Care plan details - Success stories - Expert team info

WHO WE SERVE (/who-we-serve)

Target audiences: - Senior Citizens - Patients recovering from surgery - Children with special needs - Disabled Individuals - Chronic Illness Patients - Families Seeking Home Care

PACKAGES PAGE (/packages)

Package Cards: 1. **Hourly Care** - Minimum 4 hours - Flexible scheduling - ₹XXX per hour

1. Daily Care

- 8-12 hours coverage
- Day/night shifts
- ₹XXX per day

2. Weekly Care

- 7-day support
- Weekly health reports
- ₹XXX per week

3. Monthly Care

- Complete home healthcare
- Dedicated staff
- ₹XXX per month

4. Custom Plans

- Tailored to needs
- Consultation required
- Get quote

Each package shows: - What's included - Staff assignment - Support hours - Compare packages feature - "Book Now" CTA

GALLERY PAGE (/gallery)

Categories: 1. **Facilities** - Care environment photos - Equipment

1. Daily Activities

- Patient care moments
- Exercise sessions
- Meal times

2. Care Programs

- Therapy sessions
- Special care

3. Events

- Celebrations
- Health camps

4. Our Team

- Staff photos
- Team in action

5. Day Care Environment

- Day care facilities
- Activity areas

■

Gallery features: - Masonry grid layout - Lightbox view - Category filters - Load more pagination

TEAM PAGE (/team)

Team Members: 1. **Doctors** - Profile cards with specialization

1. Nurses

- Qualifications
- Experience

2. Caregivers

- Certifications
- Languages spoken

3. Physiotherapists

- Specializations

4. Support Staff

- Roles

Each profile shows: - Photo - Name - Designation - Qualifications - Experience - Languages

STORIES/TESTIMONIALS PAGE (/stories)

Content: 1. **Success Stories** - Patient recovery journeys - Before/after care impact

1. Family Reviews

- Written testimonials
- Star ratings
- Service used

2. Patient Experience

- Video testimonials (optional)
- Photo testimonials

Features: - Filter by service type - Verified reviews badge - Share stories

CONTACT PAGE (/contact)

Sections: 1. **Contact Form** - Name, Email, Phone - Service interested in - Message - Preferred contact time

1. Contact Information

- Phone: +91 9959388374
- WhatsApp: Click to chat
- Email: info@dhrishta.com
- Address: Near Reliance Smart Point, Bypass Road, Murakambattu, Chittoor - 517127 (AP)

2. Google Maps Embed

- Office location

3. Service Areas

- Cities/areas covered
- Pincode checker

4. Business Hours

- 24/7 availability
- Office hours

5. Quick Actions

- Request callback

- Book emergency service
- Download brochure

BOOKING/CONSULTATION PAGE (</book-consultation>)

Multi-step Form:

Step 1: Service Selection - Select service type - Select package (hourly/daily/weekly/monthly) - Choose specialty if needed

Step 2: Patient Details - Patient name - Age - Gender - Medical condition - Special requirements

Step 3: Contact Information - Your name - Relationship to patient - Phone number - Email - Address - Pincode (service area check)

Step 4: Schedule - Preferred start date - Time slot - Duration - Urgency level (normal/urgent)

Step 5: Staff Preference (Optional) - Gender preference - Language preference - Experience level

Step 6: Review & Confirm - Summary of selection - Estimated cost - Terms acceptance

Step 7: Payment (Optional - or pay later) - Advance booking amount - Payment methods: Card/UPI/Net Banking - "Book Now" confirmation

Booking Confirmation: - Booking ID - Confirmation email/SMS - WhatsApp confirmation - Next steps - Contact person details

ADDITIONAL PAGES

</faq>

- Common questions
- Service FAQs
- Booking FAQs
- Payment FAQs
- Cancellation policy

</careers>

- Job openings
- Join our team
- Application form
- Benefits of working

/blog (Optional)

- Healthcare tips
- Elder care articles
- Patient care guides
- Company updates

/privacy-policy

- Data collection
- Privacy practices
- Cookie policy

/terms-conditions

- Service terms
- Booking terms
- Cancellation policy
- Refund policy

/emergency

- Emergency request form
- Quick contact
- Immediate assistance

DESIGN SYSTEM

Color Palette (From Poster)

Primary (Navy Blue): #1a3a6b
Secondary (Teal): #2d8b8b
Accent (Red): #d32f2f
Success (Green): #2e7d32
Warning (Orange): #f57c00
Pink (Child Care): #c2185b
Purple (Day Care): #7b1fa2

Neutrals:

- Background: #ffffff
- Light Gray: #f5f5f5
- Dark Text: #212121
- Light Text: #757575

Typography

Primary Font: Manrope (Headings) **Secondary Font:** Inter (Body text) **Accent Font:** Crimson Text
(Taglines - optional)

Component Styles

- **Buttons:** Pill-shaped with hover effects
- **Cards:** Soft shadows, rounded corners
- **Forms:** Clean, accessible inputs
- **Icons:** Lucide React + Font Awesome
- **Animations:** Smooth transitions, fade-in effects

API ENDPOINTS STRUCTURE

Public APIs (No Auth Required)

Services

- `GET /api/services` - Get all services
- `GET /api/services/:slug` - Get service details
- `GET /api/services/category/:category` - Services by category

Packages

- `GET /api/packages` - Get all packages
- `GET /api/packages/:id` - Package details

Booking

- `POST /api/bookings` - Create new booking
- `GET /api/bookings/check-availability` - Check staff availability

- `POST /api/bookings/check-service-area` - Verify pincode coverage

Contact

- `POST /api/contact` - Submit contact form
- `POST /api/contact/callback` - Request callback
- `POST /api/emergency` - Emergency request

Gallery

- `GET /api/gallery` - Get all gallery images
- `GET /api/gallery/:category` - Images by category

Team

- `GET /api/team` - Get all team members
- `GET /api/team/:id` - Team member details

Testimonials

- `GET /api/testimonials` - Get approved testimonials
- `GET /api/testimonials/featured` - Featured reviews

Chatbot

- `POST /api/chat` - AI chatbot conversation
- `GET /api/chat/session/:session_id` - Get chat history

Payments

- `POST /api/payments/create-intent` - Create Stripe payment intent
- `POST /api/payments/webhook` - Stripe webhook

WhatsApp

- `POST /api/whatsapp/send` - Send WhatsApp message
- `POST /api/whatsapp/webhook` - WhatsApp webhook

Notifications

- `POST /api/notifications/sms` - Send SMS
 - `POST /api/notifications/email` - Send email
-

Admin APIs (Auth Required - JWT)

Authentication

- `POST /api/auth/login` - Admin login
- `POST /api/auth/logout` - Logout
- `GET /api/auth/me` - Get current user

Bookings Management

- `GET /api/admin/bookings` - Get all bookings
- `GET /api/admin/bookings/:id` - Booking details
- `PUT /api/admin/bookings/:id` - Update booking
- `DELETE /api/admin/bookings/:id` - Cancel booking
- `POST /api/admin/bookings/:id/assign-staff` - Assign staff

Staff Management

- `GET /api/admin/staff` - Get all staff
- `POST /api/admin/staff` - Add new staff
- `PUT /api/admin/staff/:id` - Update staff
- `DELETE /api/admin/staff/:id` - Remove staff
- `GET /api/admin/staff/available` - Available staff

Patient Records

- `GET /api/admin/patients` - All patients
- `GET /api/admin/patients/:id` - Patient details
- `PUT /api/admin/patients/:id` - Update patient record
- `POST /api/admin/patients/:id/notes` - Add care note

Gallery Management

- `POST /api/admin/gallery` - Upload image
- `PUT /api/admin/gallery/:id` - Update image
- `DELETE /api/admin/gallery/:id` - Delete image

Testimonials Management

- `GET /api/admin/testimonials` - All testimonials
- `PUT /api/admin/testimonials/:id/approve` - Approve review
- `DELETE /api/admin/testimonials/:id` - Delete review

Analytics

- GET /api/admin/analytics/dashboard - Dashboard stats
- GET /api/admin/analytics/bookings - Booking trends
- GET /api/admin/analytics/revenue - Revenue reports
- GET /api/admin/analytics/services - Popular services

Contacts Management

- GET /api/admin/contacts - All inquiries
- PUT /api/admin/contacts/:id - Update inquiry status

KEY FEATURES IMPLEMENTATION

1. AI Chatbot

- **Location:** Floating widget bottom-right
- **Triggers:** Auto-open after 10 seconds, or click icon
- **Capabilities:**
 - Answer service questions
 - Check availability
 - Guide booking process
 - Emergency escalation
 - Multilingual (English/Hindi)

2. WhatsApp Integration

- **Floating button:** Green WhatsApp icon
- **Auto-messages:** Booking confirmations, reminders
- **Two-way chat:** Customers can inquire via WhatsApp

3. SMS Notifications (Twilio)

- Booking confirmation
- Staff assignment notification
- 24-hour reminder
- Care schedule updates

4. Email Automation

- Welcome email
- Booking confirmation with details
- Care plan PDF
- Feedback request after service

5. Payment Gateway (Stripe)

- **Methods:** Card, UPI, Net Banking
- **Flow:** Optional advance payment or pay later
- **Security:** PCI compliant
- **Invoicing:** Auto-generated invoices

6. Admin Dashboard

- Real-time booking stats
- Revenue tracking
- Staff availability
- Pending inquiries
- Recent activities

7. Service Area Checker

- Pincode validation
- Coverage map
- "We don't serve your area" message with alternative

8. Multi-language Support

- English (default)
- Hindi (toggle in header)
- Apply to all content

9. Emergency Request System

- Quick form (phone + urgency)
 - Immediate notification to admin
 - SMS/call to emergency team
 - Priority handling
-

RESPONSIVE DESIGN

Breakpoints:

- **Mobile:** < 640px
- **Tablet:** 640px - 1024px
- **Desktop:** > 1024px

Mobile Optimizations:

- Hamburger menu
- Click-to-call buttons
- WhatsApp quick action
- Simplified forms (multi-step)
- Touch-friendly buttons (min 44px)
- Sticky CTA buttons

PERFORMANCE OPTIMIZATIONS

1. Image Optimization:

- WebP format
- Lazy loading
- Responsive images (srcset)

2. Code Splitting:

- Route-based splitting
- Lazy load admin panel

3. Caching:

- Service Worker (optional PWA)
- API response caching
- Static asset caching

4. SEO:

- Meta tags
- Open Graph tags
- Structured data (Schema.org)

- Sitemap.xml
- robots.txt

SECURITY MEASURES

1. Backend:

- JWT authentication
- Password hashing (bcrypt)
- Input validation & sanitization
- Rate limiting
- CORS configuration
- Environment variables

2. Frontend:

- Secure API calls (HTTPS)
- XSS protection
- CSRF tokens
- No sensitive data in localStorage

3. Database:

- MongoDB authentication
- Connection string in .env
- Data validation
- Regular backups

DEPLOYMENT CHECKLIST

Environment Variables:

Frontend (.env):

```
REACT_APP_BACKEND_URL=<production_url>  
REACT_APP_STRIPE_PUBLIC_KEY=<key>  
REACT_APP_WHATSAPP_NUMBER=+919959388374
```

Backend (.env):

```
MONGO_URL=<connection_string>
DB_NAME=dhrishta_healthcare
JWT_SECRET=<secret>
STRIPE_SECRET_KEY=<key>
TWILIO_ACCOUNT_SID=<sid>
TWILIO_AUTH_TOKEN=<token>
TWILIO_WHATSAPP_NUMBER=<number>
RESEND_API_KEY=<key>
AI_MODEL_API_KEY=<emergent_llm_key>
OBJECT_STORAGE_KEY=<key>
```

ANALYTICS TRACKING

- **Google Analytics:** Page views, conversions
- **Hotjar/Clarity:** User behavior, heatmaps
- **Internal Analytics:**
 - Booking conversion rate
 - Popular services
 - Drop-off points in booking flow
 - Average response time

FUTURE ENHANCEMENTS (Phase 2)

1. Mobile app (React Native)
 2. Video consultation feature
 3. Live chat with staff
 4. Patient portal (login & track care)
 5. Subscription model for long-term care
 6. Referral program
 7. Blog with healthcare articles
 8. Multi-city expansion
 9. AI-powered staff matching
 10. Health monitoring device integration
-

DEVELOPMENT PHASES

Phase 1 - MVP (Current)

- Core website (all pages)
- Booking system
- Admin dashboard
- AI chatbot
- WhatsApp/SMS/Email integration
- Payment gateway
- Gallery & testimonials

Phase 2 - Advanced Features

- Patient portal
- Video consultation
- Advanced analytics
- Mobile app
- Subscription plans

Phase 3 - Scale

- Multi-location support
- Franchisee management
- ERP integration
- Advanced reporting

CONCLUSION

This structure provides a **complete, production-ready healthcare services platform** with: - Professional website (12+ pages) - Advanced booking system - AI-powered chatbot - Multi-channel notifications (WhatsApp, SMS, Email) - Payment integration - Admin management portal - Mobile responsive - SEO optimized - Scalable architecture

Next Steps: 1. Review this structure 2. Confirm integrations (AI model, payment, etc.) 3. Start implementation with design guidelines 4. Build & test 5. Deploy to production
